Exam

1. Hate expression means an expression that has the effect of justifying, encouraging, and strengthening discrimination by promoting discrimination against an individual or group on the basis of gender, disability, religion, age, place of origin, race, sexual orientation, etc.

YES

NO

2. What is NOT a social impact of hate and discrimination?

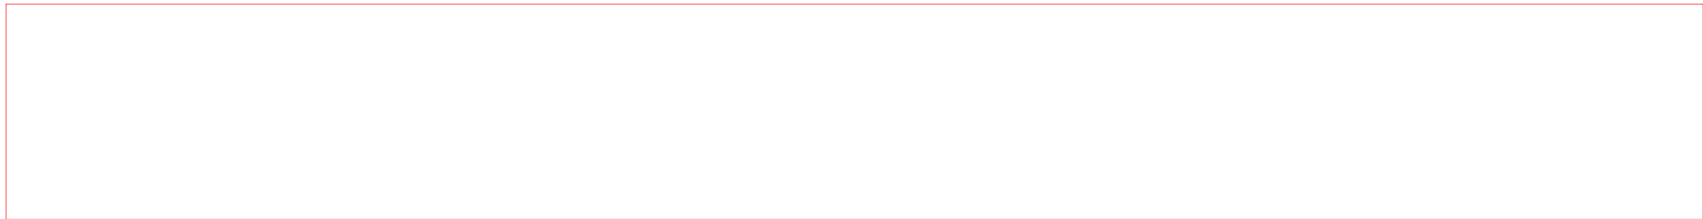

It internalizes discriminatory messages.

The range of things one can do is limited.

There is no further discrimination.

Silence makes it difficult to speak socially.

Submit

Satisfaction survey ✕

Name	Group
------	-------

The survey will be used to survey and improve satisfaction with the online human rights/gender equality education that you participated in. All responses are confidential under the Statistics Act, so I would appreciate it if you could respond honestly to every question.
