Your booking is complete.

Please check your booking details above and make corrections through the website. In case of change or incorrect information, you may fill out your arrival and flight information when your flight gets confirmed. The website page for your personal information and flight code will be opened on the website on 10:00 on the 2nd. Please check the flight information you wrote on the website once more three days before your flight as we may not be able to pick you up at the airport if such information is incorrect.

When entering Korea you will be asked to write down a Korean mobile phone number. Please write the following number in the contact information form, if you do not have a Korean phone number yet. We inform you before your departure.

Please carefully check the entry procedures explained on the website (<https://www.globalenkr.com>) so that you do not miss the airport's waiting area where you will meet our staff.

\* Notice \*

1. Before your arrival, you must download the Korean messaging app, KAKAOTALK, and make an account. (Please fill in your account ID on the website after you make an account.) You will need the Kakaotalk ID for your airport pickup so that you can contact us when you encounter any problem at the airport.
2. When airport employees ask you about your accommodation plans, you must tell them that you are staying at your university's dormitory. In any case of problems, the airport employees will call the number that is written above the check table, you must make sure that you state that you are staying at university dormitory facilities on any papers you may fill out.
3. Any refunds that are made less than one week before your promised check-in date will result in a refund with a 20% deduction. In other words, if you make a request for a refund more than one week before your check-in date, you will receive a full refund. Please be aware of this and let us know if you are in need of a refund.

We wish you a safe and pleasant trip.

1. Go to <http://www.stay4korea.com/>
